## *Murder in Three Acts*

Our **Murder in Three Acts** is a real killer. Our actors perform a scripted play in three acts, incorporating clues to solve the mystery.

After Act 1, the audience begins its investigation. You're on the case as you question suspects, examine evidence and "buy" insider information (with Mystery Shop Investigation Bucks).

Act II thickens the plot so the audience can continue its pursuit of the murderer. Act III brings a solution – with suspect, motive and method.

There's plenty of time for group participation – and even more time for fun.
