*Peter has been playing guitar since age nine, and the music of James Taylor since the age of 16.*

*Born and raised in the North suburbs of Chicago, Peter has performed in bands, duos and as a soloist for over 30 years. Since 2005, Peter has focused on the core musical strength and interest of the music of James Taylor playing to crowds at festivals, wineries and other venues all over the Midwest and East Coast.*

*Building a following and a mailing list has been a main goal over the years. Peter performs the James Taylor records spanning from 1970 to present, including the casual fans favorites, all the way down to the unique album cuts that keep the fans coming back for more.*

*His ability to recreate the music of James Taylor comes from years of honing his craft both musically and vocally leaving many to wonder if at first they are hearing*
